

What are we doing to improve our school this year? 2026 - 2027

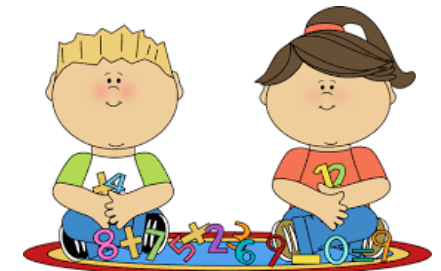

We want to make sure that the children and parents have the chance to tell us what we are doing well and what the school can do to be better.

We are going to make sure that teaching and learning in writing is even better than it already is. We are really focusing on handwriting and spelling.

We want to ensure that all our learners can access the curriculum and feel supported in their learning.

We will make sure that all learners are included and will put a strategy in place for this.

We want to make sure we are supporting all families and their wellbeing. We will support all families in a variety of ways including looking at attendance.

We want to help every child in Early years become a confident communicator, writer and learner by developing their speaking, physical, social and emotional skills.
